Game Counts

Game counts have now switched to an online portal. Each TM folder has a QR code on the back of it, all of the same details are to be entered just like the paper copy.

Switched game counts to online portal - every folder has the QR code. Used the same as paper copy.

6. Tee-Ball Report

Training

Training has commenced for all teams.

All Abilities

The child who was interested in joining an U13s team didn't make it down to our most recent training session. Jason is going to speak to the parents and invite them to come down on Friday evening to watch the game and also attend training next week. From there we can see what the parents think about them joining.

Matt Clark spoke with Lisa, as a few years ago we had another child join and as teeball is an all abilities sport, specific rules were created to allow him to join in. Example - Player would bat and run to 1st base. Ultimately he was the 10th batter and not in the scorebook. If he were to continue running to 2nd, this would be classed as him playing altogether. As for fielding, he would be the 10th fielder and shadowing another player.

There was another who was in our Little League team and was unable to be touched on the head. There was a risk management form they had to fill out and had to be medically cleared by their doctor to play. Their medical insurance had to cover just as much as our insurance.

Buggie Service

Buggie is still in the service centre. There is park brake issues, calibre is broken. Jason is going to collect either Wed 07/10 or Thurs 08/10.
